Dear Mrs Bailey,

Thank you so much to you and all your pupils at Donnington Wood C Of E Junior School for your donation of £100.00. I hope you enjoyed your fundraising activities! We've enclosed a certificate for your children's fantastic achievements.

For girls like Chaltu from Mojo village in Ethiopia, your school's donation will be life changing.

Life in Mojo Village has been difficult. It is a rural village with limited access to water services. Children like Chaltu would often miss school because they had to spend hours walking to collect water, which was contaminated and made the community ill.

Then, everything changed. With support of schools like yours WaterAid was able to help the people of Mojo build water pumps and toilets in their community. The village has fresh running water for the first time, and young girls like Chaltu can now spend more time on their education.

Chaltu is really looking forward to going back to school. She told us: "Some days, I had to spend the whole morning waiting in line until everyone before me got their jerry cans filled. By the time I got back home, it would have already been past school time. The teachers would punish me. But now that is going to be history."

Thanks to your pupils at Donnington Wood C Of E Junior School, communities like Chaltu's can be transformed. By choosing to support WaterAid's work you are helping create a world where everyone, everywhere has access to safe water, hygiene and sanitation. Your support makes all the difference in the world – thank you.

With warmest wishes,

Maria Georgiou
Education Officer

PS We would love to arrange for a WaterAid speaker to visit your school to thank the children personally and tell them more stories like this. Please visit www.wateraid.org/schools where you can request a free talk and download resources, assembly plans and films and games.

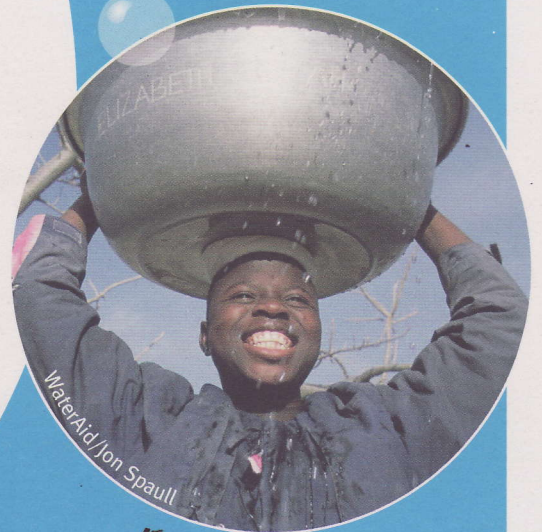

WaterAid would like to thank

Donnington Wood C of E
Junior School

for

£100

and helping us work towards our vision
of a world where everyone has access
to safe water and sanitation.

Thank you
