

Donnington Wood CofE Junior School

Walking or wheeling is a great way to keep fit, make roads safer and help the environment.

Travelling to and from school in an active way is the best way for children and young people to start and end their school day. They arrive more alert and have time to socialise with parents/carers/ friends/siblings. By more people travelling

in this way it also makes the roads outside your child's school safer for all users.

Are you in the zone?

It should take less than 15 minutes to walk or cycle from the zones featured on the map.

Not able to walk or cycle?

Have you considered using the bus? This still provides some exercise and is good for the environment. For information on local bus timetables and routes please contact Arriva Bus on 08450 260007 or www.wrekinconnect.co.uk

Have to travel by car?

If car use is the only option then try to park at a reasonable distance away from the front of the school or at the designated park and stride location shown on the map. By walking some of the way this provides exercise and also helps keep the front of the school safer for everyone. Why not try car sharing with other parents/carers. Or could your child walk or cycle to school with their friends and their parents/carers?

Zones

10 mins walking zone

15 mins cycling zone

Walking and cycling routes

Locations

School School

Park and stride car park

Did you know?

These maps are to be used as a guide only and it remains the responsibility of parents and carers to decide if their child is able to walk, cycle or take a bus to school.

The travel zones shown are based on an average walking and cycling speed.
